

25919 - Psychopathology and intervention techniques I

Información del Plan Docente

Academic Year	2017/18
Faculty / School	301 - Facultad de Ciencias Sociales y Humanas
Degree	270 - Degree in Psychology
ECTS	6.0
Year	3
Semester	First Four-month period
Subject Type	Compulsory
Module	---

1.General information

1.1.Introduction

1.2.Recommendations to take this course

1.3.Context and importance of this course in the degree

1.4.Activities and key dates

2.Learning goals

2.1.Learning goals

2.2.Importance of learning goals

3.Aims of the course and competences

3.1.Aims of the course

3.2.Competences

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

The content of the course will be developed through expository classes. The students will have additional references for each issue in the moodle platform.

The students will be encouraged to search information through complementary references (papers, manuals, etc.) in order to increase their knowledge, and the professor will recommend to all students the use of the library and the Internet when they will work in different case studies.

In the practice lessons, the professor will present videos, documentaries or audio tapes to enhance the students' reflection.

25919 - Psychopathology and intervention techniques I

Students will work with short case studies in paper format in the beginning of the course in order to find the processes altered and the specific disturbances. As developments progress in the practice the case studies will be longer and with highest number of processes altered.

5.2.Learning tasks

1. Expository classes.

2. Practical activities.

3. Specialized Tutorials (personalized meetings with the professor) .

4. Autonomous work.

5.3.Syllabus

Issue 1: Concept and aim of Psychopathology

Issue 2: Historical evolution of Psychopathology

Issue 3: Classification and diagnosis of psychological disorders

Issue 4: Psychopathology of conscience, orientation and attention

Issue 5: Psychopathology of imagination and perception
