

26007 - Activities for functional independence I: Introduction to functional independence

Información del Plan Docente

Academic Year	2017/18
Faculty / School	127 - Facultad de Ciencias de la Salud
Degree	276 - Degree in Occupational Therapy
ECTS	7.0
Year	1
Semester	Annual
Subject Type	Compulsory
Module	---

1.General information

1.1.Introduction

1.2.Recommendations to take this course

1.3.Context and importance of this course in the degree

1.4.Activities and key dates

2.Learning goals

2.1.Learning goals

2.2.Importance of learning goals

3.Aims of the course and competences

3.1.Aims of the course

3.2.Competences

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

The learning process that is designed for this subject is based on an eminently practical guidance, supporting basic theoretical aspects of the subject. Special interest on the acquisition of knowledge, habits and skills needed to understand and integrate basic concepts for training, giving the opportunity to experience and experiment with different activities in the proposed workshops.

26007 - Activities for functional independence I: Introduction to functional independence

5.2.Learning tasks

- **Lectures/theoretical classes** in large group (25 hours). Participative lectures.
- **Practical classes** in small groups (45 hours)
- **Assignments** (25 hours): various tasks related to the practical workshops will be allocated. Including an assignment to apply learnings from the "Competencias informacionales e informáticas: nivel básico" organized by the Library of the University.

Study and evaluation (80 hours).

5.3.Syllabus

PART 1 . Fundamentals of autonomy and functional independence.

PART 2 . Occupational therapy domain (OTPF).

PART 3 . Use and analysis of occupation.

PART 4 . Occupations in practice.

5.4.Course planning and calendar

Information regarding planning and scheduling of training activities will be available on the Moodle platform Digital Teaching Ring (ADD).
