The learning process that is designed for this subject is based on the following:

The student must agree the training activities with the supervisor(s) of TFG, depending on the proposed topic and its typology (see section Evaluation).

## 26237 - Undergraduate Dissertation

The work should be reflected in a memory as described in the section Evaluation to be submitted in writing, bound, and publicly presented to a university committee in two of the four periods of presentation.

### 5.2.Learning tasks

**The offered program to help the student achieving the expected results includes the following activities ...**

6 ECTS has been assigned in the curriculum to this subject, which means that the student will have to dedicate 150 hours to pass it, which will be distributed among the following tasks:

- Meetings of students with the coordinator of the program
- Meetings of each student with his director
- The student's personal work
- Exposition and defense of work before the court

### 5.3.Syllabus

This is an integrative course developing knowledge and skills acquired throughout the Programme. In addition, since the student will develop the TFG on a specific line, a particular program is not detailed in this section.

### 5.4.Course planning and calendar

The dates and key milestones of the course will be described in detail, along with other courses of the Programme, on the website of the Faculty of Veterinary (link: <http://veterinaria.unizar.es/gradocta/>). This link will be updated at the beginning of each academic course.

### 5.5.Bibliography and recommended resources

Typically, the literature of the academic course is updated and can be consulted through the Library website (search [biblioteca.unizar.es](http://biblioteca.unizar.es) for recommended bibliography)
