and lets the teacher notice the problems and concerns that may arise in the various topics.

In addition to the scheduled classes, the student must make an effort to manage and be familiar with the basic content of the course with the continuous help of the textbooks.

5.2.Learning tasks

1: Lectures: Their main objective is conveying the fundamental concepts of the subject, so that goals set by the teacher are achieved. The lecture is expected to be participatory and to encourage debate and clarify issues and questions based on the student handbook, the supporting literature for the course and materials provided in the Digital Platform (ADD).

2: Resolution and presentation of case studies, preparation and presentation of papers, discussion of topics, and readings.

3: Tutorials and evaluation that allow a more direct and personal support to students in order to monitor tasks, prepare and produce reports, answer questions and guide them in the study and resolution of exercise activities. These tutorials may be individual or in a group.
