

30360 - Information Systems

Información del Plan Docente

Academic Year	2017/18
Faculty / School	110 - Escuela de Ingeniería y Arquitectura
Degree	438 - Bachelor's Degree in Telecommunications Technology and Services Engineering
ECTS	6.0
Year	4
Semester	First semester
Subject Type	Optional
Module	---

1.General information

1.1.Introduction

For more information, please see course 30224 (Information Systems)

1.2.Recommendations to take this course

For more information, please see course 30224 (Information Systems)

1.3.Context and importance of this course in the degree

For more information, please see course 30224 (Information Systems)

1.4.Activities and key dates

For more information, please see course 30224 (Information Systems)

2.Learning goals

2.1.Learning goals

For more information, please see course 30224 (Information Systems)

2.2.Importance of learning goals

For more information, please see course 30224 (Information Systems)

3.Aims of the course and competences

3.1.Aims of the course

30360 - Information Systems

For more information, please see course 30224 (Information Systems)

3.2.Competences

For more information, please see course 30224 (Information Systems)

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

For more information, please see course 30224 (Information Systems)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

For more information, please see course 30224 (Information Systems)

5.2.Learning tasks

For more information, please see course 30224 (Information Systems)

5.3.Syllabus

For more information, please see course 30224 (Information Systems)

5.4.Course planning and calendar

For more information, please see course 30224 (Information Systems)

5.5.Bibliography and recommended resources

For more information, please see course 30224 (Information Systems)
