1.General information

1.1.Introduction

Brief Introduction to the subject

Environmental Law has become a high-profile legal discipline, within the framework of the Social and Democratic State. The subject allows the student of the Degree in Law to deepen the study of a very relevant sector of the administrative activity, leading to a potential specialization in administrative law. The subject is structured in five thematic blocks:

1. First thematic block (chapters 1 to 3): *The citizen of the ecological state.*
2. Second thematic block (chapters 4 to 6): *Sustainability of public and private management*
3. Third thematic block (chapters 7 to 9): *Sanctions and reparations for environmental damage*
4. Fourth thematic block (chapters 10 to 12): *Purity of water, air and soil*
5. Fifth thematic block (chapters 13 to 15): *The diversity of plant and animal life*
