

61422 - Advanced Financial Reporting and Situations of Financial Difficulty

Información del Plan Docente

Academic Year	2017/18
Faculty / School	109 - Facultad de Economía y Empresa
Degree	526 - Master's in Accounting and Finance
ECTS	6.0
Year	1
Semester	Annual
Subject Type	Compulsory
Module	---

1.General information

1.1.Introduction

1.2.Recommendations to take this course

1.3.Context and importance of this course in the degree

1.4.Activities and key dates

2.Learning goals

2.1.Learning goals

2.2.Importance of learning goals

3.Aims of the course and competences

3.1.Aims of the course

3.2.Competences

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

The methodology followed in this course is oriented towards achievement of the learning objectives. A wide range of teaching and learning tasks are implemented, such as theory sessions and practice sessions. Students are expected to participate actively in the class throughout the semester.

Theory sessions: the lecturer introduces the basic concepts of the course and there are student discussions. Students will have to prepare the recommended readings for each week and do case studies.

61422 - Advanced Financial Reporting and Situations of Financial Difficulty

Practice sessions: in Section I students will solve case studies using applicable regulation and reasoned solutions. In Section II, which combines descriptive methodology with practical approaches, students will do assignments and a presentation at the end of the course.

5.2.Learning tasks

The course includes the following learning tasks:

- Presentation and analysis of concepts and applicable regulation and discussion about the accounting treatment applied
- Critical analysis of the accounting criteria applied to proposed transactions.
- Solution of practical cases
- Individual tasks based on companies in financial difficulties.
