ECTS: 6.0

Year: ---

Semester: First semester

Subject Type: Optional

Module: ---

1.General information

1.1.Aims of the course

1.2.Context and importance of this course in the degree

1.3.Recommendations to take this course

2.Learning goals

2.1.Competences

2.2.Learning goals

2.3.Importance of learning goals

3.Assessment (1st and 2nd call)

3.1.Assessment tasks (description of tasks, marking system and assessment criteria)

4.Methodology, learning tasks, syllabus and resources

4.1.Methodological overview

The learning process that has been designed for this course is based on the following activities:

The course is based on four pillars: Theory sessions; sessions of practical classes where active learning methods will be used; seminars and tutorials; and autonomous activities (study).

Theory classes

They explain and develop in an orderly manner the main concepts that will know and understand facts, experiences, principles or theories. The student will participate actively raising questions and participating in discussions.

Practical classes

They will arise, among other methodologies, case studies, readings and comments (teamwork).

Seminars / P6 and tutorials

They will complement practical aspects, review those doubts arising from the theoretical and practical classes and prepare cases and proposed exercises.

Personal work and teamwork.

Generation and solving exercises and cases, performing work and exam preparation.

4.2.Learning tasks

Main activities

- Lectures in which the teacher introduces the different units.
- Grupal activities: puzzle, the case method, "one minute paper" and teamwork .
- Problem and case resolution.
- Exercises.
- Readings and comments.

Structure of the course

The structure of the course is organized into two parts: The first consists of units 1 to 5, corresponds to the Management and Business Organization. The second part, consisting of units 6 to 10, corresponds with Marketing Management and Market Research.

4.3.Syllabus
