Subject	27618 - Introduction to Marketing Research
Faculty / School	109 - Facultad de Economía y Empresa
Degree	450 - Degree in Marketing and Market Research
ECTS	6.0
Year	2
Semester	Second semester
Subject Type	Compulsory
Module	---

1.General information

1.1.Aims of the course

1.2.Context and importance of this course in the degree

1.3.Recommendations to take this course

2.Learning goals

2.1.Competences

2.2.Learning goals

2.3.Importance of learning goals

3.Assessment (1st and 2nd call)

3.1.Assessment tasks (description of tasks, marking system and assessment criteria)

4.Methodology, learning tasks, syllabus and resources

4.1.Methodological overview

The methodology followed in this course is oriented towards the achievement of the learning objectives. A wide range of teaching and learning tasks are implemented, such as lectures, practice sessions, autonomous work, study and assessment tasks.

Students are expected to participate actively in class throughout the semester.

Further information regarding the course will be provided on the first day of class.

4.2. Learning tasks

The course includes the following learning tasks:

- Lectures. They introduce the theoretical concepts together with real examples which facilitate the comprehension and application of these concepts.
- Practice sessions. Case studies, problem-solving activities, elaboration and presentation of projects, discussion of current and emerging topics, essays and interactive activities. All these activities will be carried out both inside and outside the classroom, individually or in groups.
- Tutorials and/or seminars. The professors will supervise the projects carried out by the students, clarify their doubts about the theoretical and/or practical contents of the course, and propose specific tasks in which the theoretical concepts will be put into practice.
- Autonomous work. This includes the study of the theoretical and practical contents, the solving of practical exercises, the development of individual and/or in-group activities, the search for and analysis of information, among others.
- Assessment tasks.
