## 29110 - Tourism: Psycho-Sociology

### 2.3.Importance of learning goals

The student will know one of the human activities with more social significance such as tourism and its ability to transform destinations, cultures and people, analyzing the positive and negative effects of this social phenomenon.

### 3.Assessment (1st and 2nd call)

#### 3.1.Assessment tasks (description of tasks, marking system and assessment criteria)

The student must demonstrate that he/she has achieved the intended learning outcomes through the following evaluation activities

#### Evaluation systems

The student can choose from the following evaluation systems:

##### 1) Assessment system by exam and portfolio

For this type of evaluation regular class attendance is recommended and it requires participation in assignments, tasks and activities scheduled during the course.

The final mark for the course will be the weighted sum of the following evaluation activities:

**1.a. Student Portfolio:** The student will prepare a portfolio with the proposed work by the professor and will deliver each assignment on the dates previously indicated on the Moodle platform. For the evaluation of the portfolio will be necessary that at least 80% of the assignments are delivered within the period stipulated on Moodle. These works include, among others:

- Reading and analysis of scientific literature
- Analysis of actual cases related to social aspects of tourism
- Development of practical cases
- Summary of expert talks
- Development of essays on topics related to the subject
- Activities in small and large groups

## 29110 - Tourism: Psycho-Sociology

- Participation in classroom discussions

These activities may be presented and discussed in class throughout the semester on the dates previously indicated on the Moodle platform. The content, quality of documentation, presentation, originality, and clarity of presentation will be assessed. To pass this part it will be necessary to get at least 5 in the portfolio.

The evaluation of the portfolio with the above conditions will weight for 40% of the final mark. The final marks of the portfolio will be provided with at least one week in advance regarding the final exam, because if the students fail this part of the evaluation, they should opt for the final exam system (see point 2)

**1 B. Evaluation of theoretical contents:** On the date stipulated by the University of Zaragoza the students must attend the theoretical exam of the subject. The content will focus on 8 topics seen during the semester. In this test, the student must demonstrate the proper assimilation, understanding and application of the theoretical contents exposed in class. The test will consist of 5 essay questions.

To pass the exam, and be considered to make the mean with the portfolio, it will be necessary to get at least 5 in the mark.

The weighting of evaluation of theoretical content is 60% of the total score.

If the student fails this test, he/she must attend the June exam in which only final exam system can be chosen (see point 2).

### **2) Assessment system by final exam**

Students who opt for this system or not pass the portfolio assessment should take a final exam at the end of the semester (according to University Zaragoza exams schedule) which will represent 100% of the final grade. This test will include both the contents of theoretical program (8 units) and the issues addressed in practical work. The structure of exam will be: 5 questions about theoretical content (50% of score) and 2 practical topics (50% of score). To pass this test a minimum mark of 5 must be obtained a rating in each one of the parts (theoretical and practical).

In the June only this system is available.

### **Working time (in hours):**

Attendance to theoretical classes: 45

Attendance at practical classes: 15

Attendance to tutorships: 23

## 29110 - Tourism: Psycho-Sociology

Assistance to various activities (seminars, visits to companies): 15

Preparation of lectures: 30

Preparation of practical classes: 15

Examinations 7

Total student work: 150 (6 ECTS)

### **4.Methodology, learning tasks, syllabus and resources**

#### **4.1.Methodological overview**

The learning process that is designed for this subject is based on the following methodology:

- Participative lectures
- Individual and collective activities
- Small group tutoring
- Individual tutoring
- Case studies
- Document Analysis
- Experts talks
- Individual work
- Individual exam

#### **4.2.Learning tasks**

The program that is offered to help the student to achieve the expected results includes the following activities;

- Exhibitions, lectures, debates - (CE1)(CE3)(CE31)
- Small group tutoring- ALL

## 29110 - Tourism: Psycho-Sociology

- Tutoring -ALL
- Case studies -(CE 1) (CE3) (CT1) (CT11)
- Analysis of documents -(CE31)
- Study -ALL
- Individual exam - ALL

### 4.3.Syllabus

UNIT 1. Purpose and method of Sociology.

- 1.1. Definition of Sociology
- 1.2. History of Sociology
