Información del Plan Docente

Academic Year: 2018/19
Subject: 30133 - Leadership
Faculty / School: 175 - Escuela Universitaria Politécnica de La Almunia
179 - Centro Universitario de la Defensa - Zaragoza
Degree: 457 - Bachelor's Degree in Industrial Organisational Engineering
563 - Bachelor's Degree in Industrial Organisational Engineering
425 - Bachelor's Degree in Industrial Organisational Engineering
ECTS: 6.0
Year: 4
Semester: Half-yearly
Subject Type: Compulsory
Module: ---

1. General information

1.1. Aims of the course

1.2. Context and importance of this course in the degree

1.3. Recommendations to take this course

2. Learning goals

2.1. Competences

2.2. Learning goals

2.3. Importance of learning goals

3. Assessment (1st and 2nd call)

3.1. Assessment tasks (description of tasks, marking system and assessment criteria)

Enterprise itinerary

Final case

Case "START EXPRESS". 40%

Real company case. Work tema (4-5 persons, during one month). Two questions and a global valuation. Oral presentation.

The course sessions allow to learn theories and practical implications to influence in groups and teams in their leader condition and the training of those social skills to lead.

**4.2. Learning tasks**

**Specialization in business**

The learning methodology is organized in four kinds of teaching actions. The first ones are lecture sessions with a Moodle platform support and Power Point. The second ones are a seminar sessions to promote collaborative and cooperative learning of theoretical Knowledge, procedure and values. The work teams are setting up at the beginning of academic term and work on three sort of group activities. Those are, a public debate about a theme, a case-group study and a discourse about a theory of leadership with practical implications. Only the theories to discuss are assigned by the lecturers already the debate topic and case study are selected by class groups. The third kind of learning activity is the application of group-techniques (cognitive, emotional and behavioral) to train leadership's competences through experience-based methodology. The last one is a tutorial course where lecturers use feedback technique during the learning process to improve skills in tasks carried out that allow to improve leadership's competence.
