Methodological overview

The Master's Dissertation (TFM) consists on the elaboration of an extensive and original piece of work, which shows the knowledge, skills, aptitudes and attitudes acquired by the student throughout the Master's Degree. The complexity and the level of requirements established in its development will be a workload of 12 ECTS.

The student must agree the tasks and meetings with the supervisor of the TFM, depending on the proposed theme and scope of the dissertation.

Learning tasks

The student must agree the tasks and activities with the supervisor of the TFM.

Syllabus

There is no specific syllabus for this course.

Course planning and calendar

The student must agree the meetings and tutorials with the supervisor of the TFM.

Bibliography and recommended resources

There is no bibliography for this course.
