Universidad Zaragoza

67200 - Master's Dissertation

Información del Plan Docente

Academic Year	2018/19
Subject	67200 - Master's Dissertation
Faculty / School	110 - Escuela de Ingeniería y Arquitectura
Degree	527 - Master's in Electronic Engineering
ECTS	20.0
Year	1
Semester	Indeterminate
Subject Type	Master Final Project
Module	---

1.General information

1.1.Aims of the course

1.2.Context and importance of this course in the degree

1.3.Recommendations to take this course

2.Learning goals

2.1.Competences

2.2.Learning goals

2.3.Importance of learning goals

3.Assessment (1st and 2nd call)

3.1.Assessment tasks (description of tasks, marking system and assessment criteria)

This final grade for this course is based on the quality of the report document, and an oral presentation and the subsequent discussion.

4.Methodology, learning tasks, syllabus and resources

4.1.Methodological overview

The methodology followed in this course is oriented towards achievement of the learning objectives. It is based on the practical application of the knowledge acquired during the Master's degree. The Master's Dissertation should reflect this knowledge.

4.2.Learning tasks

The course includes the following learning tasks:

- A06 **Tutorial sessions** between students and advisors (estimated 18 hours: 0.7 ECTS).
- A08 **Evaluation activities** (2 hours: 0.1 ECTS). The defence of the dissertation consists on the presentation of the project and answering the questions of the committee.
- A06 **Autonomous work** of the student to prepare the dissertation (estimated 480 hours: 19.2 ECTS).

4.3.Syllabus

There is no syllabus for this course because the contents of the Master's Dissertation depend on each individual case.

4.4.Course planning and calendar

Students and advisors will schedule several sessions with to follow-up the progress of the dissertation.

The Master's Dissertation is submitted according to the academic periods established by the School of Engineering.

4.5.Bibliography and recommended resources
