29308 - Scientific documents in odontology

Syllabus Information

Academic Year: 2019/20 Subject: 29308 - Scientific documents in odontology Faculty / School: 229 - Facultad de Ciencias de la Salud y del Deporte Degree: 442 - Degree in Odontology ECTS: 6.0 Year: 1 Semester: Second semester Subject Type: Optional Module: ---

1.General information

- 1.1.Aims of the course
- 1.2.Context and importance of this course in the degree

1.3.Recommendations to take this course

2.Learning goals

- 2.1.Competences
- 2.2.Learning goals
- 2.3.Importance of learning goals

3.Assessment (1st and 2nd call)

3.1.Assessment tasks (description of tasks, marking system and assessment criteria)

4.Methodology, learning tasks, syllabus and resources

4.1.Methodological overview

The methodology followed in this course is oriented towards the achievement of the learning objectives. It favors the acquisition of knowledge related to biostatistics, and health services. A wide range of teaching and learning tasks are implemented, such as lectures, practice sessions, assignments, and autonomous work.

Students are expected to participate actively in the class throughout the semester.

Classroom materials will be available via Moodle. These include a repository of the lecture notes used in class, the course syllabus, as well as other course-specific learning materials, including a discussion forum.

Further information regarding the course will be provided on the first day of class.

4.2.Learning tasks

This is a 6 ECTS course organized as follows:

? Lectures (2.5 ECTS: 20 hours). Whole group sessions of 50 minutes each one. The professor will explain the theoretical contents, which are available in advance on the virtual platform Moodle.

? Practice sessions (1.5 ECTS: 20 hours). Sessions where students work with case studies and problem-solving tasks.

? Assignments (1 ECTS: 21 hours). In small groups, students will prepare an essay (which includes bibliographical research, analysis, summary, scientific rigor, coherence of expression and citations). They will submit a written copy at the end of the course and will do an oral presentation.

? Autonomous work (1 ECTS: 10 hours). Time devoted to study the course contents and prepare the sessions and assignments.

4.3.Syllabus

The course will address the following topics:

1. Lectures:

- Topic 1. Health concept in Medicine. Social inequality and health.
- Topic 2. Scientific and technological system (I+D+i).
- Topic 3. Information sources. Scientific communication. How to find and use scientific information.
- Topic 4. Bibliometric indicators and dissemination of publications.
- Topic 5. Methodology of scientific research (I). Models of change and scientific progress.
- Topic 6. Methodology of scientific research (II). The efficient search of the scientific literature.
- Topic 7. Methodology of scientific research (III). The presentation of scientific communication.
- Topic 8. Structure and theory of the medical act. Scientific language and thechnicalities. Dental Classification of Diseasses: ICD-OE.
- Topic 9. Itineraries for recovering health. Medical history and research.
- Topic 10. Research in Health Economics. Basic concepts.

2. Practice sessions:

- Session 1. Types of scientific and medical documents and standards Vancouver.
- Session 2. Types of medical journals. Analysis of the structure of the journals articles.
- Session 3. Phases and types of research: analysis of the material and methods and bibliography. Bibliographic information management.
- Session 4. Bibliographic resources of the University of Zaragoza.
- Session 5. Medical databases from Spanish literature)IBECS, ISOC).
- Session 6. International bibliografic databases (PubMed).
- Session 7. Scientific impact databases (WOS/JCR). Webs information searchers (Google).
- Session 8. The computerized Clinical History. Types of documents and data utility. ICD-O coding
- Session 9. Exhibition of the final work

4.4.Course planning and calendar

Further information concerning the timetable, classroom, office hours, assessment dates and other details regarding this course will be provided on the first day of class.

4.5.Bibliography and recommended resources
