4.1.Methodological overview

The methodology designed for this course is organized in three sections:

- **LEGAL FIELD OF OCCUPATIONAL HEALTH AND SAFETY**
 - Lectures by Labour and Social Security Law teachers.
 - Practice sessions to work with legal problems in relation to Safety and Health in the workplace.
 - Students will have the manual titled *Marco Jurídico de la Seguridad y Salud en el Trabajo -Legal Framework for Safety and Health in the Workplace-* (Vallejo Da Costa, R and Pastor Lafuente, V), which can be purchased at the reprography service of the Faculty of Law. At the end of each topic, students will have a self-evaluation and learning questionnaire.

- **HEALTH PROMOTION IN THE WORKPLACE AND STATISTICS BASES**

Attendance and active participation. As a consequence of the different curriculum and diverse students' background, we understand that the achievement of the learning outcomes must be the result of attendance and participation in the sessions scheduled and the completion of individual work.

We will encourage students to use the tutorials through various systems and methods.

- **OTHER ACTIONS IN PREVENTION: ADULT EDUCATION AND COMMUNICATION, INFORMATION AND NEGOTIATION SKILLS IN OCCUPATIONAL HEALTH AND SAFETY**

Lectures.

Students should refer to technical articles.

Practice sessions.

We will encourage students to use the tutorials through various systems and methods
