1. General information

2. Learning goals

3. Assessment (1st and 2nd call)

4. Methodology, learning tasks, syllabus and resources

4.1. Methodological overview

The learning process that has been designed for this subject is based on the following:

The director of the TFG, depending on the subject agreed with the student, will establish the methodology that s/he considers appropriate for the achievement of the proposed objectives.

4.2. Learning tasks

The program offered to the student to help him/her achieve the expected results comprises the following activities:

Information sessions on the characteristics of the subject.

Orientation sessions and follow-up of the TFG.

The programmed learning activities are detailed in the TFG Regulations that each Faculty has prepared and published on the web.

4.3. Syllabus

This subject has no program.

4.4. Course planning and calendar

The calendar of face-to-face sessions is established and published by each of the Faculties in which the degree is taught before the start of the academic year.

The activities and key dates of the subject are published before the start of each academic year on the website of the Faculties where the degree is taught or on digital platforms.
