4.4. Course planning and calendar

Calendar of face-to-face sessions and presentation of works

They will be detailed at the beginning of the teaching period, through the ADD, taking as reference the dates of delivery of the civil law module

At the beginning of the course, subjects will be made available to students in the UZ Digital Teaching Ring. materials, bibliography, reference to legislation and other possible telematic resources of consultation for the preparation of the matter.

During the teaching of the subject, a learning assessment system will be followed for: a) the concepts and basic theoretical contents of the subject and, b) the practical application of the theoretical contents and the identification and explanation of legal issues and problems that may arise

At the end of the module, students must analyze and evaluate a complex practical problem and know how to use the methodology and legal resources necessary to establish the intervention criteria in its solution.

Taking into account the results of the continuous evaluation, at the end of the module a final evaluation can be carried out classroom theory.
