

Academic Year/course: 2022/23

26600 - Psychology of Education

Syllabus Information

Academic Year: 2022/23

Subject: 26600 - Psychology of Education

Faculty / School: 107 - Facultad de Educación

202 - Facultad de Ciencias Humanas y de la Educación

301 - Facultad de Ciencias Sociales y Humanas

Degree: 298 - Degree in Primary School Education

299 - Degree in Primary School Education

300 - Degree in Primary School Education

ECTS: 6.0

Year: 1

Semester: First semester

Subject Type: Basic Education

Module:

1. General information

2. Learning goals

2.2. Learning goals

The student, to be able to pass the subject, will have to demonstrate the following results:

1. Describing the different explanatory models of human behavior according to the principal paradigms of scientific Psychology.
2. Identifying the principal epistemological, methodological and disciplinary problems in Psychology of Education.
3. Analyzing the personal and interpersonal dimensions involved in the teaching/learning process.
4. Defining and explaining the principal models of learning and their applications in the classroom.
5. Understanding and relating the role that the different systems that take part in the educational process play: microsystem (school, family and peers), mesosystem, endosystem, macrosystem, chronosystem and globosystem.
6. Identifying the principal topics of educational orientation in Primary Education.

2.3. Importance of learning goals

This subject offers the students a first contact with the psychology-related contents that they will have to deal with during their studies. The aim with this subject is for the students to internalise the semantic academic structure reflected in the previous point (point 2.1.), combining it with the semantic experiential structure, that is, with their personal experience.

3. Assessment (1st and 2nd call)

3.1. Assessment tasks (description of tasks, marking system and assessment criteria)

Oral or written final exam: 50%

Practice session activities: 20%

Directed assignments: 30%

Total or partial fraud or plagiarism in any of the evaluation activities will lead to the minimum grade in the subject, in addition to disciplinary sanctions.

In the qualification of the different evaluation activities, academic writing, terminology and spelling will be taken into account.

To pass the subject, it is necessary to obtain a 5 out of 10 in each of the activities.

4. Methodology, learning tasks, syllabus and resources

4.1. Methodological overview

The methodology followed in this course is oriented towards achievement of the learning objectives.

ACTIVITIES	HOURS
Large group lectures	30
Small group practical sessions	30
Directed assignments	24
Autonomous work and study	60
Assessment	6
Total	150 h

Further information regarding the course will be provided on the first day of class.

4.2. Learning tasks

Lectures: the professor presents theoretical contents.

Practice sessions: they can involve discussion and presentation of case studies, practical work outside the classroom (field work or visits), and seminars.

Autonomous work: students do tasks such as autonomous study, reading of the course book, preparation of practice sessions and seminars, and summative assignments.

Tutorials: professors' office hours can be used to solved doubts and to follow-up students' work.

4.3. Syllabus

Contents
