### 1. General information

*External Practices* is an optional second-cycle subject that can be taken in the third and fourth years. It is situated in the second half of the degree, after an important period of previous training, during which each student has already had to integrate the fundamental theoretical and methodological knowledge of the artistic disciplines. The aim of this subject is to offer each student a direct experience of the professional world, observation and accompaniment in the different tasks involved in the profession of Fine Arts, giving each student the opportunity to apply artistic methodologies in the field of work that interests them.

The subject is aligned with SDG 4 Quality education, 5 Gender equality, 10 Reducing inequalities and 12 Responsible production and consumption.

### 2. Learning results

Each student must achieve the following results in order to pass this subject:

1. Understand and be able to develop activities related to the Fine Arts degree.
2. Know the legal framework that regulates professional practice.
3. Recognise and critically assess the contributions provided by scientific research and theoretical knowledge to the professional practice observed.
4. Recognise and critically assess the methodological foundations acquired in the Degree in the professional practice observed.

### 3. Syllabus

*External Internship* is a subject with a flexible schedule that allows students to define their stay during the current academic year, specifying the start and end of the internship at the convenience of the student and the host company or institution.
