**Degree:** 269 - Degree in Philosophy  
587 - Degree in Philosophy

**ECTS:** 6.0

**Year:**

**Semester:** Second semester

**Subject type:** Optional

**Module:**

### 1. General information

The subject and its expected results respond to the following approaches and objectives: (a) to read, interpret and understand Greek texts in the light of the process of the constitution of philosophy.

b) to know the vocabulary and conceptual apparatus of ancient philosophy.

c) to acquire and practice appropriate study and philosophical intellectual work techniques (information search, evaluation and synthesis), as well as the use of bibliographic materials for the production of reports, commentaries or essays

This approach is aligned with the following Sustainable Development Goals of the United Nations 2030 Agenda: Goal 4: Quality education; Goal 5: Gender Equality; Goal 10: Reducing Inequalities; Goal 11: Sustainable Cities and Communities; Goal 12: Responsible Production and Consumption; Goal 13: Climate Action; Goal 16: Peace, Justice and Strong Institutions

### 2. Learning results

Upon completion of the subject, the student will be able to:

- 1) Know the intellectual, social and scientific circumstances in which ancient philosophical reflection develops.
- 2) Identify the specific features of ancient philosophy.
- 3) Apply this knowledge to philosophical debates.

### 3. Syllabus

1. How to read ancient Greek texts
2. Texts and problems of archaic Greek thought
3. Texts and problems of classical Greek thought

### 4. Academic activities

At the beginning of the term there will be a methodological introduction essential to follow the subject. The fundamental texts will also be presented and will be read and commented on during the classes.

The program offered to students to achieve the expected results includes the following activities: Theoretical classes.

Practical classes.

Work and personal study.

Assessment tests or activities

### 5. Assessment system

First call:

Global assessment test (100%) :Submission of an essay on the texts and problems studied in the subject.

Assessment criteria:

- the reflexive assimilation of the themes
- the autonomous reading of the greek texts
- the quality of the structure of the essay
- the relevance of the contents and the acquaintance with them
- the argumentative rigor as well as the clarity, conciseness and precision of expression

Second call: global assessment test identical to the previous one.
