Degree: 269 - Degree in Philosophy
587 - Degree in Philosophy

ECTS: 6.0

Year:

Semester: First semester

Subject type: Optional

Module:

1. General information

The aim is to offer commentaries on fundamental texts that highlight the key aspects of the different authors or currents of the 20th century. These approaches and objectives are aligned with the following Sustainable Development Goals (SDGs) of the United Nations Agenda 2030 (<https://www.un.org/sustainabledevelopment/es/>), in such a way that the acquisition of the learning results of the subject provides training and competence to contribute in some measure to their achievement: Goal 4: Quality Education; Goal 5: Gender Equality; Goal 10: Reducing Inequalities; Goal 11: Sustainable cities and communities; Goal 12: Responsible Production and Consumption; Goal 13: Climate Action; Goal 16: Peace, Justice and Strong Institutions

2. Learning results

-Have sufficient knowledge of 20th century philosophy.

-Be able to make a critical reading because philosophy is not reduced to a mere accumulation of specific knowledge, but an activity that seeks a demanding internal order whose warmth must be valued.

Recognize the philosophical foundation of social praxis insofar as the vocation of the philosophy of the 20th century has been specially focused on providing a foundation to the projections of different cultural nature.

-Be able to make comparative analyses between the different authors or currents that respond to the main philosophical problems with the aim of methodologically and theoretically evaluate the proposals.

-Recognize the links between philosophy and the various branches of knowledge to which philosophies have recourse - linguistics, history, cultural anthropology - and which, in turn, require specific responses from philosophy,
