

29121 - Administrative Law for Tourism

Syllabus Information

Academic year: 2024/25

Subject: 29121 - Administrative Law for Tourism

Faculty / School: 177 - Escuela Universitaria de Turismo

Degree: 445 - Degree in Tourism
616 - Degree in Tourism

ECTS: 6.0

Year: 3

Semester: Second semester

Subject type: Compulsory

Module:

1. General information

In this last subject belonging to the field of Law given in the Degree, the student must learn to differentiate the different regulatory sources and know their value and relationships; differentiate and identify the existing Administrations; know the legal regime of the main administrative powers and the consequences produced by their exercise and manage the legislation applicable to tourism activities and companies.

These approaches and goals are aligned with the following Sustainable Development Goals (SDGs) of the United Nations Agenda 2030 (<https://www.un.org/sustainabledevelopment/es/>), such that the acquisition of the subject learning results provides training and competence to contribute to some extent to their achievement: ODS 4,5,6,7,8,9,10,11,12,13,15,16,17.

2. Learning results

The student, in order to pass this subject, must demonstrate the following results...

1. -Differentiate the different regulatory sources and know their value and relationships.
2. -Differentiate and identify the different existing administrations.
3. -Know the legal regime of the main administrative powers and the consequences of their exercise.

4. Academic activities

Attendance to theoretical classes: 45 hours

Attendance to practical classes: 15 hours

Attendance to tutorials: 12 hours

Conducting examinations: 3 hours

Autonomous work of the students (problems, preparation of cases, etc.): 75 hours

5. Assessment system

The student must demonstrate that they have achieved the expected learning results by means of the following assessment activities.

ASSESSMENT SYSTEMS

The student has the right to use the following assessment systems: continuous assessment system and global assessment system.

1) CONTINUOUS ASSESSMENT SYSTEM

Continuous assessment requires the active participation of the student in the tasks and activities programmed during the term. Students are required to actively participate in class, and repeating students are not required to participate in class. The students who do not comply with this requirement will be subject to the global assessment.

The continuous assessment will consist of an test of 5 short questions on theoretical-practical contents, which will be 100% of the grade.

2) GLOBAL ASSESSMENT SYSTEM

Those students who opt for this system or do not pass the continuous assessment will have to take an individual test at the end of the semester (in the assessment calendar of the University of Zaragoza) which will account for 100% of the final grade.

The structure of the test will be: 5 short questions on theoretical-practical contents (100% of the grade).

RATING SYSTEM

In order to pass the subject it is necessary to obtain a minimum total score of five points out of ten (either in continuous assessment or in the Global Test).

In the event of the suspension of face-to-face teaching activities, the changes to be made will be introduced in the teaching guide through an addendum.

6. Sustainable Development Goals

4 - Quality Education

11 - Sustainable Cities and Communities

17 - Partnerships for the Goals
