

39540 - Embedded Systems II

Syllabus Information

Academic year: 2024/25

Subject: 39540 - Embedded Systems II

Faculty / School: 110 - Escuela de Ingeniería y Arquitectura

Degree: 607 -

ECTS: 6.0

Year:

Semester: First semester

Subject type: Optional

Module:

1. General information

See the guide of the module with the same name in Informatics Engineering degree.

2. Learning results

See the guide of the module with the same name in Informatics Engineering degree.

3. Syllabus

See the guide of the module with the same name in Informatics Engineering degree.

4. Academic activities

See the guide of the module with the same name in Informatics Engineering degree.

5. Assessment system

See the guide of the module with the same name in Informatics Engineering degree.
